We will start the day with an exciting tour of Purdin Koi Farms. Following the tour, we will convene for a productive lunch meeting where we will discuss the latest updates, future plans, and any pertinent topics related to this year's projects. After the lunch meeting, we will help the Pointe Coupee WLC set up their new agricultural display to showcase and celebrate the hard work and dedication that went into making this project a reality. We look forward to your active participation and engagement during this event. Your presence is vital to the success of this gathering, and we believe it will contribute to our collective growth and success.

Please RSVP by October 13 to ensure adequate arrangements for the tour, lunch, and meeting. ***Please do not assume your reservation has been taken care of; all room reservations will be made only if requested. If a district director is unable to attend, it is their responsibility to contact the alternate and have them RSVP.*** Our standard procedure will apply; round-trip mileage and overnight room accommodations will be paid for only one committee member per district.
